

June 2019

**Brentwood Ursuline**

**Convent High School**

**PSHE Notification July 2019**

Dear Parent/Carer(s)

As you know, PSHE has been introduced in a more formal capacity in the school timetable from September 2018, delivered and assessed by teachers on a regular basis. Topics covered to date have included generic areas including; 'Health and Well Being', 'Living in the Wider World' and 'Relationships'. The core programme of study has been delivered in line with the national PSHE Association, the School's Mission Statement and the School's ethos.

I believe it is appropriate to let you know in advance that in the remaining weeks of this term a final session on Health and Well Being will introduce the topic of FGM. This is an important issue to address, with its associated risks and legal implications that students need to be aware of, suitable to their age range.

If you have any questions, please do not hesitate to contact me.

Mrs A Corless  
Deputy Headteacher  
Designated Safeguarding Lead
