Note*“In line with the position agreed between the Department for Education and the Catholic Education Service, the membership of all Catholic academy trusts in the Diocese is controlled by the Bishop of Brentwood. Members appointed by the Bishop are answerable to him. The role of the Bishop is much broader than that of a member of the academy trust and/or as an appointing body. It is not the practice of the Diocese to complete any register of business interests but more details as to the role of the Bishop and the Diocese generally can be found on the Catholic Education Service website.”
